## Compensation of Academic Loss Programme (CALP) Session 2024-25

The compensation of academic loss program (CALP) is an initiative by the Central Board of Secondary Education (CBSE) in India is addressing and mitigating the academic losses that students have faced due to descriptions such as those caused by the covid-19 pandemic. Here are the efforts taken by our school.

**Objective:** The primary goal is to bridge the learning gaps that students may have experienced due to prolonged school closures and transition to online learning. To cope up with it our school has started Remedial classes.

**Remedial classes:** - Remedial classes are helpful to students to catch up the missed learnings. Our school conducts remedial classes after school time between 2:45 p.m. to 3:30 p.m. Teachers create individualized learning plans which complete the needs of each student, ensuring that they received the necessary support in specific subjects where they may be lagging.

**Continuous assessment:** - Our school implements on going assessments to monitor students' progress and adjust teaching methods accordingly.
