ECO-CLUB 2024-25

Eco Club:-

- An Eco-Club is a group of school students interested in environmental issues and willing to make significant contribution to society. Under its aegis, students explore environment, understand its concepts and challenges, and take appropriate actions to conserve and protect it.

Role of Eco Club:-

- Eco Clubs play an important role in creating environmental awareness amongst the future generation. The activities under the scheme include-
- Motivate the students to keep their surroundings green and clean by undertaking plantation of trees. Promote ethos of conservation of water by minimizing use of water.

Eco –Committee:-

- The Eco-Committee is a group formed by environmentally-centered students from a variety of year groups who are mentored by an adult eco-coordinator. Ideally, an eco-committee should include teachers, students, non-teaching staff, administration, and parents who lead the school community on the Green Flag journey.

June Month:- Mother Earth day - Connecting to nature when they are young can build a lifetime of respect and enjoyment for the earth and outdoors .Our school has celebrated Mother Day with great enthusiasm by conducting various activities.

Best Out of Waste

“Recycling things is like magic that turns ordinary things into extraordinary.”

The three 'Rs' stand for: Reduce, Reuse and Recycle. They are a part of the waste hierarchy which is used to protect the environment and conserve resources through a priority approach. The aim is to get maximum practical benefits from products and to generate the minimum amount of waste. The Best out of Waste simply means to make or to create innovative and attractive things from the material we do not use anymore. In an initiative to generate the habit of using old things to create beautiful crafts among children, a 'Best Out of Waste Competition' was recently organized at UNATTI KANYA VIDHYALAYA, students displayed their creative art and craft ideas by making: Sand Clock, Wall hangings, Pen Stands, Flowerpots etc.
